Students of Carson High School will be among the millions of young people who soon find themselves responsible members of a society faced with the realization that we are on the threshold of another great era in the history of mankind. Our young people must recognize that they have a serious responsibility to their fellow man and the nation, a responsibility that can be assumed only if each one goes about his business of education in a mature manner, taking advantage of all the opportunities that are offered daily. Those failing to do so are cheating not only themselves but their nation.

Research into the secrets of nature will produce future discoveries more startling than nuclear fission. Eventual triumph of decency and freedom and right will result from the hard work and sacrifice of all citizens. We must be equipped to live in an

age of inter-continental ballistic missiles. We must be equipped to meet human problems with wisdom and courage. Students of today will be citizens that this nation will look to for leadership tomorrow, and they must prepare now to assume this duty.

Albert Seeliger

I wish to extend my congratulations to the student body for the excellent spirit of cooperation shown this year. The spirit of unity shown by the student body officers has been most gratifying. If this spirit continues, this should be a banner year for Carson High School.

Class History

In September of 1945 as the school bell rang for the first day of school, a new class was born. The class of 1958 had begun its illustrious career. "Tom Thumb's Wedding" was performed by our kindergarten class. Gradually we advanced until we had finally moved upstairs to the sixth grade. For the first time, we had departmental work. A Christmas play in which almost all of us had a part was put on. We had two more shows the next year; this time they were of a musical nature. In December "The Christmas Story" was done, and the following spring we produced "A Half Hour with Steven Foster." At the end of our eighth grade year we reached the apex of our dramatic and musical endeavors with "Hansel and Gretel."

Soon our freshman year had begun, and we were bowing and singing to the seniors. The initiation closed with the Frosh Hop, and a week later we held our first high school dance, the Senior Return. Our class assembly was held in the spring with songs and skits by several class members.

When we were sophomores, our assembly, using a Mississippi River showboat as the background, was given. Our class picnic proved to be disastrous, since we had a slight accident, resulting in a large repair bill and banishment of our class from Bowers' Mansion.

The big event of our junior year was the Junior-Senior Prom. The theme was "Hitch Your Wagon to a Star" and the multipurpose room was skillfully turned into a celestial ballroom. Soon afterwards we held our picnic at Mexican Dam on the Carson River.

At last we became seniors and initiated a new group of lowly frosh. The senior play, "Seventeen Is Terrific," was given in December. The history of the class of 1958 came to a close with baccalaureate and graduation services when each of us set out to make a new history for himself.

Octet

The girls in this special singing group are Donna Cochran, Lorraine Odell, Genedine Felesina, Janet MacNelly, Barbara Couch, Nancy Foster, Judith Maxsom, Elizabeth Hanson, Carol Bernardini, and Betty Gibson, the accompanist. The Octet has been an organization for three years under the direction of Mr. Saliman.

Quartette

The Quartet, which is directed by Mr. Saliman, consists of Mike Griffin, Dave Pieretti, Stuart Svensson, and Bruce Smith. This singing group has been an organization for two years, and it does a marvelous job of entertaining many audiences.

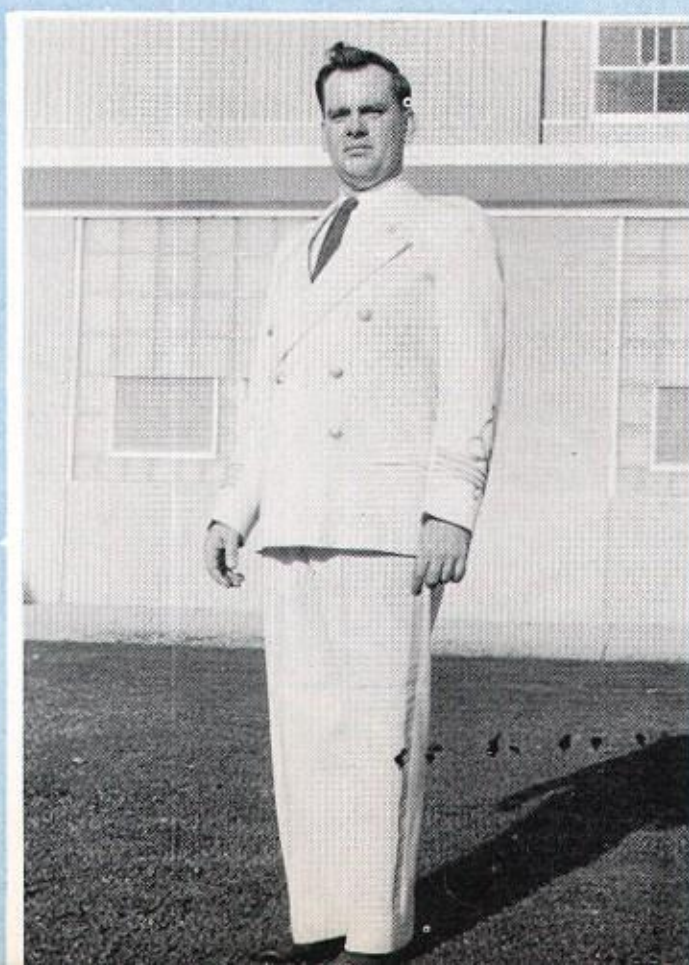

Concert Band

Betty Gibson

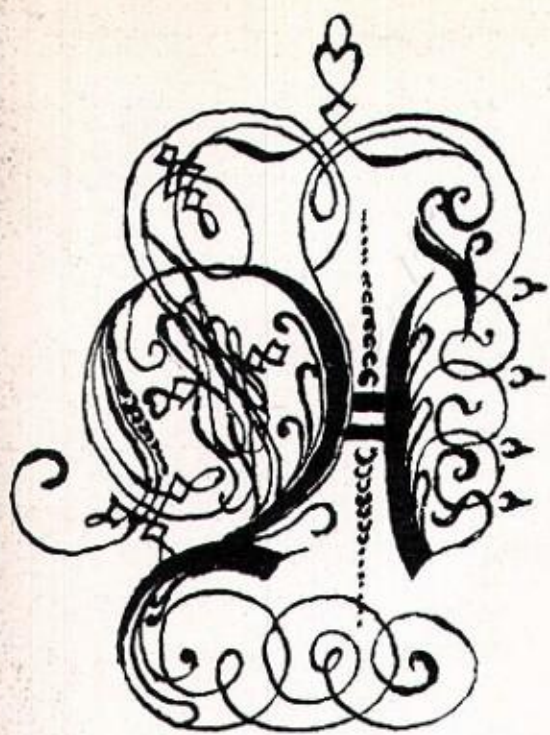

Betty, a senior, who has worked hard to help make our music department a success, deserves much credit. She has accompanied the High School Chorus, the Octet, and the Quartet since her sophomore year.

Mr. Saliman

Mr. Saliman has been head of the Carson High School Music Department since 1952, and this department has greatly improved under his excellent direction. All the students admire this amiable music teacher and enjoy working with him.

Joyce
 It seems all I do is
 feel sorry for myself. Some
 day maybe I'll grow up and
 learn to face the world. I want to
 that for being true blue while I live
 had my troubles with Milton. You really
 seem to understand the way I feel and as
 you probably know a girl needs someone
 she can talk to and be able to trust. I sure hope
 things work out for Mike and I wish you all the luck in
 made a swell couple. Maybe someday I'll understand
 the world.

Here rests his head upon the lap of Earth
A Youth to Fortune and to Fame unknown
Fair Science frowned not on his humble birth,
And Melancholy marked him for her own.

Large was his bounty, and his soul sincere,
Heaven did a recompense as largely send:
He gave to Misery all he had, a tear,
He gained from Heaven (twas all he wished)
a friend.

 I don't really
 know what to say so
 I don't know you very
 well. I do hope that in
 the next two years you
 and I will become good
 friends. I hope you have
 good luck in whatever
 you do. I am awfully
 sorry for the way I have
 acted to you. You are an
 individualist in a way
 that is one thing you and
 I have in common. You
 have all the necessities
 (clothes, looks, money and
 personality) oh yes (all the
 boys) use them to your
 advantage. Best of luck
